## 2020 Captain's Challenge

**Format:** The Captain's Challenge runs all year with the final played in October at Fraserview. The format is simple. The tournament final score has 2 parts and, until the final round, scores do not matter. In the first part Members earn participation points for Thursday rounds played with the club:

Each **Thursday** round played: 1 point

There will be 31 points available during the season depending on rainouts. The points earned will be updated periodically during the season.

Members will earn Net Stableford points during the final round in October. The overall winners are determined simply by adding their season points to their final day Stableford points.

Example: 30 season points plus 28 final round points equals 58 points. Top 3 point totals in the 3 flights win prizes.

### 2019 Winners

**Flt. A - Basil Quan**

**Flt. B - Chuck Kotzo**

**Flt. C - Nick Atkinson**

#### 2016
