

Richard Martin
2020 Coordinator

April 23, 2020

Format: Teams chosen to balance handicaps.

Front 9 Best Ball with normal handicaps.

Each golfer plays their own ball. A team score for a given hole is that of the lower net scoring team member.

Back 9 Two man Modified Scramble:

Both players hit tee shots on all holes. One ball position is chosen & each player plays a ball from that spot. This is repeated until a ball is holed. Additionally, the team is required to use a **minimum of 4 drives** / tee shots per player.

The handicap used for the back 9 will use the net score of the higher handicap player on holes 10, 12, 14, 16 & 18 and that of the low handicap player on holes 11, 13, 15 & 17.

Tees: Use of **all** locations is allowable but once chosen, it must be used for all 18 holes.

Score Cards:

Front 9 Enter both team players gross score (Player 1 & Player 2).

Back 9 Enter team score in Player 1's area. Also mark below which players drive was used.

The computer will calculate the net score for each 9 & give a total. The Tournament Coordinator, at his discretion, may combine players due to cancelations & whose team handicaps may not be balanced.

Winner: Lowest 18-hole net score.

Awards: Prize awards to winners and 2nd & 3rd place runners-up.

**2019
Winners**
